Publicity Choked Off at Hearing of Charges by Hanna and Teller, and Roosevelt Credited with Intervening for Officer.

(Special to The Evening World.)
WASHINGTON, D. C., Nov. 19.—The hearing of the charges preferred by Senator Hanna and Senator Teller against Brig-Gen, Leonard Wood, to pre vent his confirmation as Major-General, to which he was appointed by the President during the recess of the Senate, will be a star chamber proceeding. President Roosevelt is credited with having intervened to prevent full pub-

sessions temporarily. Fight for Publicity. The hearing was called at 10.30 A. M.

Senator Hamley, of Connecticut, Senator Hawley, of Connecticut, Senator Hawley, of Connecticut, Senator Proctor, ex-Secretary of War, presided.

Senator Hamle entered the committee room fifteen minutes before any of the members of the Committee and, taking his seat at the reporters' table, impatiently awaited the coming of his colleagues of the Senate who are to decide between his contention and that of the President as to the fitness of Gent Wood to be placed in a position from which in three years he will move up to the virtual command of the army.

Senator Teller came in soon after Senator Heanna and they had a little colloquy as to who should address the Committee first.

"I have an engagement to attend a meeting of the McKinley Memorial Committee." Insisted Hanna, "and I must get there."

Teller finally yielded and Hanna was recovered.

ator Proctor said no formal tharges had been made against Gen. Wood, but that Senators Hanna and Teller desired to make protests and that Estes G. to make protests and that Estes G. Rathkone, formerly Director of Posts of Cuba, and who was present, was prepared to make charges.

Senators Quarles and Proctor raised the point against reporters or other outsiders being present.

Senators Scott and Bate argued for open sessions during the hearing.

"Does anybody doubt that, even if we do shut these reporters out, the even-lang papers will have everything about our proceedings, anyhow?" shouted Senator Scott.

"That depends entirely upon the integrity of the Senators present," hotly retorted Senator Cockrell.

Screened by Senators.

Screened by Senators. As a result of the squabble over the question of open sessions, which was becoming warmer every second, Senator Proctor ordered the room cleared of all but the committeemen, while they discussed the subject privately. Accordingly the reporters were hustled out.

At 11 o'clock Senator Proctor sent word out to the crowd in the hall that the committee would devote itself the rest of the day to an inquiry as to precedents on the point of open ses-

sions, pending which the committee would continue in executive session. This means that the President has intervened to prevent publicity of the full charges against Gen. Wood. The committee benind closed doors heard statements from Senators Hanna and Teller, notified Rathbone to appear to-morrow at 10.30 A. M. with his formal charges, and adjourned.

digestion and nervousness. In three trips around the world I have become perfectly familiar with the medicinal virtues of this remarkable fruit. People in India could not do without it. I was much interested when I read that Prof. Munyon had introduced this remedy to the public, and I have been taking Munyon's Paw-Paw with most gratifying results. The first bottle increased my appetite and cured me of sleeplessness. I am now taking it regularly, and find that my whole system is improved and strengthened. Paw-Paw certainly is a wonderful aid to digestion. I am telling all my friends about it and what it did for me."

"Your Paw-Paw is without doubt the best remedy for dyspepsia on the market to-day.

I had suffered horribly with indigestion for a long time and tried all sorts of medicines without benefit: your Paw-Paw. however, gave me relief from the first dose. I im-proved ever since, and now I am cured. I cannot praise this wonderful remedy too highly. Prof. Munyon is justified in call-ing Paw-Paw his greatest achievement. I most heartily recommend it to all sufferers from stomach troubles."

Prof. Munyon says: My Paw-Paw is not only a specific for Dyspepsia, Sleeplessness, Nervousness and all Stomach troubles, but it ABSOLUTE-LY CURES CATARRH.

It cures catarrh of the head. It cures catarrh of the lungs. It cures catarrh of the stomach
